# CALCIUM CHLORIDE 7300 ICE MELTER

With one of the lowest melting temperatures available, Safe Step® Calcium Chloride 7300 deicer generates heat to begin melting snow and ice on contact, even in severely cold weather.

## KEY FEATURES:

Melts ice down to -25°F | -32°C

### Professional-grade power

A self-initiating exothermic reaction instantly generates heat and starts melting snow and ice on contact, even in extremely cold temperatures.

### Exceptional performance

Our 100% calcium chloride ice melter is pellet-shaped for improved ice penetration and leaves no powdery residue behind for easier cleanup.

Active Ingredients: Calcium chloride

## AVAILABLE SIZES

PACKAGE SIZE	ITEM #	PACKAGES/PALLET	WEIGHT/PALLET	PACKAGE VOLUME	PALLET PATTERN
4/8 lb case (8 lb jug)	638961	50 cases (200 jugs)	1,665 lb	1.22 ft. <sup>3</sup>	10 x 5 = 50
50 lb bag	2317255	48 bags	2,465 lb	1.07 ft. <sup>3</sup>	6 x 8 = 48
