# ROCK SALT/HALITE 3300 ICE MELTER

When harsh winters bring persistent snow and ice, the simple strength of Safe Step® Rock Salt/Halite 3300 deicer delivers the ideal combination of performance and value, time and time again.

## KEY FEATURES:

Melts ice down to 5°F | -15°C

### Designed to perform

Our unique screening process creates optimally sized crystals for effective, reliable ice melting.

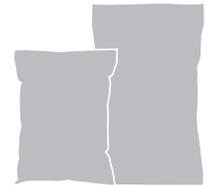

### A budget-friendly choice

Time-tested and proven under winter conditions, this single-ingredient, 100% rock salt/halite ice melter is an economical choice that doesn't sacrifice performance.

**Active Ingredients: Sodium Chloride**
