Ranking considers melting temperature, speed and environmental impact.

SafeStep®

MAG CHLORIDE 8300[®] ICE MELTER

Compacted into unique flakes to resist unwanted scattering, our Mag Chloride 8300[®] deicer combines rapid ice-melting action with a lower environmental impact.*

KEY FEATURES:

Melts ice to -15°F | -26°C

Delivers powerful melting performance

Hygroscopic action quickly attracts moisture and lowers the freezing point to melt snow and ice fast, acting 75% faster than sodium chloride below 5°F.

High performance, lower environmental impact*

Made from high-purity 100% magnesium chloride for tougher ice-melting performance that's gentler on concrete and vegetation.*

*Compared with conventional ice melters, when used as directed.

Active Ingredients: Magnesium Chloride Hexahydrate

AVAILABLE SIZES

8 lb jug

50 lb bag
